**Table 10:** Description of optional center-of-mass tracking fields in the CDF that would be recorded once per frame. Any description ending with a $^\star$ is repeated once per person (e.g., player, referee) per frame. Note that {i} is used as an index for the items in a list. Any type ending with a $^\ddagger$ may be null when the subject is occluded, off-camera or otherwise not captured in that frame.
